Author Index—Volume 16, 1992

The index lists in alphabetical order the names of authors of all articles and invited commentaries. Full citation is given under first author only; reference is made from joint authors. Names that begin with a prefix are entered under the prefix.

A

Adkins, R.B., Jr.: Commentary, 1020
Agarwal, D.: see **Choudhuri and Agarwal**, 153
Ahrén, B.: see **Grama et al.**, 611, 632
Aiba, M.: see **Okamoto et al.**, 690
Åkerström, G., Rudberg, C., Grimelius, L., Johansson, H., Lundström, B., Rastad, J.: Causes of Failed Primary Exploration and Technical Aspects of Re-Operation in Primary Hyperparathyroidism, 562
Åkerström, G.: see **Graf et al.**, 625
Åkerström, G.: see **Grama et al.**, 611, 632
Åkerström, G.: see **Hellman et al.**, 718

Subject Index—Volume 16, 1992

A

Abdominal Trauma
- abdominal trauma in war (Rignault), 940

Acute Acalculous Cholecystitis
- acute acalculous cholecystitis complicating trauma: a prospective sonographic study (Imhof et al.), 1160

Adenocarcinoma
- abdominoperineal resection for adenocarcinoma of the low rectum (Tothenberger et al.), 478
- adequate distal margin of resection for adenocarcinoma of the rectum (Phillips), 463
- adjuvant therapy for adenocarcinoma of the rectum (O'Connell et al.), 510
- electrocoagulation for adenocarcinoma of the low rectum (Eisenstat et al.), 458
- excision of the rectum with colonic J pouch-anal anastomosis for adenocarcinoma of the low and mid rectum (Berger et al.), 470
- lateral margins of resection in adenocarcinoma of the rectum (Wolff), 467
- local excision of carcinoma of the rectum: indications (Killingback), 437
- locally recurrent rectal cancer: surgical strategy (de Azevedo et al.), 490
- management of adenocarcinoma of the low rectum—introduction (Nivatvongs), 428
- surgical management of locally advanced adenocarcinoma of the rectum (Devine et al.), 486
- the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495

Adenocarcinoma Recurrence
- adequate distal margin of resection for adenocarcinoma of the rectum (Phillips), 463
- adjuvant therapy for adenocarcinoma of the rectum (O'Connell et al.), 510
- locally recurrent rectal cancer: surgical strategy (de Azevedo et al.), 490
- the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495

Adenomas
- follicular tumors of the thyroid gland: diagnosis, clinical aspects and nuclear DNA analysis (Zedenius et al.), 589
- parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
- therapeutic colonoscopy (Forde), 1048

Adenylate Cyclase Activity
- effect of somatostatin on adenylate cyclase activity in normal and neoplastic thyroid tissue (Siperstein et al.), 555

Adolescents
- differentiated thyroid carcinoma in children and adolescents (Harness et al.), 547

Adrenal Cortical Carcinoma
- adrenal cortical carcinoma in Norway, 1970–1984 (Soreide et al.), 663

Adrenalectomy
- adrenalectomy in primary aldosteronism: a long-term follow-up study in 52 patients (Favia et al.), 680

Adrenocortical Carcinoma
- survival rates and prognostic factors in adrenocortical carcinoma (Icard et al.), 753

Airway Injury
- smoke inhalation: diagnosis and treatment (Clark), 24

Aldosteronism
- adrenalectomy in primary aldosteronism: a long-term follow-up study in 52 patients (Favia et al.), 680

Anal Anastomosis
- excision of the rectum with colonic J pouch-anal anastomosis for adenocarcinoma of the low and mid rectum (Berger et al.), 470

Anal Sphincter
- anismus: the cause of constipation? results of investigation and treatment (Duthie et al.), 831
- fecal incontinence: indications for repairing the anal sphincter (Penninckx), 820
- results of radical surgery for rectal cancer (Heald et al.), 848
- the usefulness of tests in anorectal disease (Parks), 804

Anastomosis
- balloon dilatation for anastomotic stricture after upper gastro-intestinal surgery (Inagake et al.), 541
- long-term functional results and quality of life after ileal pouch-anal anastomosis and cholecystectomy (Köhler et al.), 1126
- results of pouch surgery after ileo-anal anastomosis: the implications of pouchitis (Fozard et al.), 880
- results of the double stapling procedure in pelvic surgery (Griffen et al.), 866
- Roux-en-Y hepaticojejunostomy with subcutaneous access and the use of Gianturco stents for the management of biliary tract strictures (Quintero et al.), 1178
- small bowel anastomosis with the biofragmentable anastomosis ring and manual suture: a prospective, randomized study (Gullichsen et al.), 1006
- the results of pouch surgery after ileo-anal anastomosis for inflammatory bowel disease: the manometric assessment of pouch continence and its reservoir function (Pescatori et al.), 872

Anastomotic Stricture
- balloon dilatation for anastomotic stricture after upper gastro-intestinal surgery (Inagake et al.), 541
- Roux-en-Y hepaticojejunostomy with subcutaneous access and the use of Gianturco stents for the management of biliary tract strictures (Quintero et al.), 1178

Anismus
- anismus: the cause of constipation? results of investigation and treatment (Duthie et al.), 831
- solitary rectal ulcer: the place of biofeedback and surgery in the treatment of the syndrome (Binnie et al.), 836

Anorectal Disease
- the usefulness of tests in anorectal disease (Parks), 804

Antireflux Surgery
- does modern technology belong in gastro-intestinal surgery? a step from subjective perception to objective information (Hill et al.), 341
- fundoplication: how to do it? peri-esophageal wrapping as a therapeutic principal in gastro-esophageal reflux prevention (Siewert et al.), 326
- maintenance therapy: is there still a place for antireflux surgery? (Armstrong et al.), 300
- mechanisms of action of antireflux surgery: theory and fact (Little), 320
- minimizing the side effects of antireflux surgery (DeMeester et al.), 335
- surgical management after failed antireflux operations (Skinner), 359
- the quality of life following antireflux surgery (Pope), 354
- the relationship between intra-operative manometry and clinical outcome in patients operated on for gastro-esophageal reflux disease (Jamieson et al.), 337

who benefits from antireflux surgery? (Stein et al.), 313
Antrectomy
what is the place of antrectomy with Roux-en-Y in the treatment of reflux disease? experience with 83 total duodenal diversions (Fekete et al.), 349
Appendectomy
to the editor (Kallinowski et al.), 365
Appleby Procedure
a new technique for the resection of gastric cancer: modified Appleby procedure with reconstruction of hepatic artery (Takenaka et al.), 947
Arterial Hypertension
long-term effects of parathyroidectomy for primary hyperparathyroidism on arterial hypertension (Sancho et al.), 732
Ascariasis
biliary ascariasis: surgical aspects (Wani et al.), 976

B
Balloon Dilatation
balloon dilatation for anastomotic stricture after upper gastro-intestinal surgery (Inagake et al.), 541
Barrett's Esophagus
epidemiology of gastro-esophageal reflux disease (Howard et al.), 288
the neoplastic potential of columnar-lined (Barrett's) esophagus (Tytgat et al.), 308
β_1 Integrins
invasion by cultured human follicular thyroid cancer correlates with increased β_1 integrins and production of proteases (Demeure et al.), 770
Bicycle Injuries
helmet efficacy in the prevention of bicyclist head injuries: Royal Australasian College of Surgeons initiatives in the introduction of compulsory safety helmet wearing in Victoria, Australia (McDermott), 379
improving head protection for cyclists, motorcyclists, and car occupants (Ryan), 398
mandatory bicycle helmet use: experience in Victoria, Australia (Vulcan et al.), 389
Bilateral Resection
surgery for hyperthyroidism: hemithyroidectomy plus contralateral resection or bilateral resection? a prospective randomized study of postoperative complications and long-term results (Andåker et al.), 765
Bile Acid Concentration
24-hour intragastric pH measurement in the assessment of duodenogastric reflux (Brown et al.), 995
Biliary Ascariasis
biliary ascariasis: surgical aspects (Wani et al.), 976
Biliary Tract
Roux-en-Y hepaticojejunostomy with subcutaneous access and the use of Gianturco stents for the management of biliary tract strictures (Quintero et al.), 1178
Biliary Tract Obstruction
endoscopic therapy for biliary obstruction (Soehendra et al.), 1066
Biliary Tract Surgery
factors affecting morbidity and mortality in biliary tract surgery (Su et al.), 536
multifactorial analysis of septic bile and septic complications in biliary surgery (Landau et al.), 962
Biofeedback
anismus: the cause of constipation? results of investigation and treatment (Duthie et al.), 831
solitary rectal ulcer: the place of biofeedback and surgery in the treatment of the syndrome (Binnie et al.), 836
Biofragmentable Anastomosis Ring
small bowel anastomosis with the biofragmentable anastomosis ring and manual suture: a prospective, randomized study (Gullichsen et al.), 1006
Biopsy
non-Hodgkin's lymphoma of the thyroid: is more than biopsy necessary? (Pyke et al.), 604
Blast Loading
the relationship of blast loading to death and injury from explosion (Mellor), 893
Bleeding Varices
bleeding varices of the small bowel as a complication of pancreatitis: case report and review of the literature (Lein et al.), 1147
present status of sclerotherapy and surgical treatment for esophageal varices in Japan (Idezuki et al.), 1193
Blood Pressure
the role of epinephrine, norepinephrine, and dopamine in blood pressure disturbances in patients with pheochromocytoma (Ito et al.), 759
Blunt Trauma
advances in treatment of vascular injuries from blunt and penetrating limb trauma (Martin et al.), 930
blunt and penetrating chest injury (McSwain), 924
Body Kinematics
causes and control of spinal cord injury in automotive crashes (Viano), 410
mechanisms of injury and biomechanics: vehicle design and crash performance (Mackay), 420
Bone Metastases
is it still worthwhile to treat bone metastases from differentiated thyroid carcinoma with radioactive iodine? (Proye et al.), 640
Brooke Ileostomy
improved stabilization of conventional (Brooke) ileostomies with the stapler technique (Ecker et al.), 525
Burn Care
benefits and limitations of burn wound excision (Monafo et al.), 37
biologic wound coverings in burn treatment (Alsbjörn), 43
burn shock resuscitation (Warden), 16
burn wound closure using permanent skin replacement materials (Tompkins et al.), 47
pathogenesis of edema formation in burn injuries (Lund et al.), 2
progress in burn care—introduction (Pruitt), 1
the role of mediators in the response to thermal injury (Youn et al.), 30
to the editor (King et al.), 1202
Burn Depth
burn depth: a review (Heimbach et al.), 10
Burn Injury
thromboembolic complications in thermally injured patients (Rue et al.), 1151
Burn Patient Metabolism
nutritional support of the burned patient (Waymack et al.), 80
the metabolic effects of thermal injury (Tredget et al.), 68
Burn Shock
burn shock resuscitation (Warden), 16

C
Catecholamines
the role of epinephrine, norepinephrine, and dopamine in blood pressure disturbances in patients with pheochromocytoma (Ito et al.), 759
Cecal Diverticulitis
to the editor (Ngoi et al.), 799
to the editor (Stephenson et al.), 149
Chemoembolization
repeat operation for nodular recurrent hepatocellular carcinoma within the cirrhotic liver remnant:

a comparison with transcatheter arterial chemoembolization (Jeng et al.), 1188
Chemotherapy
adjuvant therapy for adenocarcinoma of the rectum (O'Connell et al.), 510
pre-operative radiotherapy prolongs survival in operable esophageal carcinoma: a randomized, multicenter study of pre-operative radiotherapy and chemotherapy. the second Scandinavian trial in esophageal cancer (Nygaard et al.), 1104
systemic chemotherapy for malignant melanoma (Coates), 277
the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495
Chest Injury
blunt and penetrating chest injury (McSwain), 924
Children
differentiated thyroid carcinoma in children and adolescents (Harness et al.), 547
head injuries in infants and children: measures to reduce mortality and morbidity in road accidents (Simpson et al.), 403
malignant melanoma in childhood: a clinicopathologic study of 13 cases and comparison with Spitz nevi (Crotty et al.), 179
optimal timing of elective indirect inguinal hernia repair in healthy children: clinical considerations for improved outcome (Stephens et al.), 952
Cholangiography
routine versus selective intra-operative cholangiography during laparoscopic cholecystectomy (Soper et al.), 1133
Cholangitis
to the editor (Ng et al.), 150
Cholecystectomy
early postoperative mortality following cholecystectomy in the entire female population of Denmark, 1977–1981 (Bredesen et al.), 530
evaluation of the laparoscopic cholecystectomy on patients with simple and complicated cholecystolithiasis (Fabre et al.), 113
laparoscopic cholecystectomy: the state of the art. a report on 700 consecutive cases (Périssat et al.), 1074
long-term functional results and quality of life after ileal pouch-anal anastomosis and cholecystectomy (Köhler et al.), 1126
routine versus selective intra-operative cholangiography during laparoscopic cholecystectomy (Soper et al.), 1133
Cholecystolithiasis
evaluation of the laparoscopic cholecystectomy on patients with simple and complicated cholecystolithiasis (Fabre et al.), 113
Chondrosarcoma
chondrosarcomas of the head and neck (Ruark et al.), 1010
Cirrhosis
hepatic resection for hepatocellular carcinoma (Suenaga et al.), 97
repeat operation for nodular recurrent hepatocellular carcinoma within the cirrhotic liver remnant: a comparison with transcatheter arterial chemoembolization (Jeng et al.), 1188
Cisplatin
isolated limb perfusion for melanoma: effectiveness and toxicity of cisplatin compared with that of melphalan and other drugs (Thompson et al.), 227
Colonic J Pouch
excision of the rectum with colonic J pouch-anal anastomosis for adenocarcinoma of the low and mid rectum (Berger et al.), 470
Colonoscopy
therapeutic colonoscopy (Forde), 1048
Colorectal Anastomosis
results of the double stapling procedure in pelvic surgery (Griffen et al.), 866
Colorectal Carcinoma
to the editor (Spiliotis et al.), 545
Colorectal Motility
autonomic influences on colorectal motility and pelvic surgery (Varma), 811
Columnar-Lined Esophagus
the neoplastic potential of columnar-lined (Barrett's) esophagus (Tytgat et al.), 308
Common Bile Duct Stones
endoscopic management of common bile duct stones (Ponsky), 1060
Completion Pancreatectomy
completion pancreatectomy following pancreaticoduodenectomy: clinical experience (Smith et al.), 521
Completion Thyroidectomy
the incidence of bilateral well-differentiated thyroid cancer found at completion thyroidectomy (Pasieka et al.), 711
Conjunctival Melanoma
rare variants of malignant melanoma (Milton et al.), 173
Constipation
anismus: the cause of constipation? results of investigation and treatment (Duthie et al.), 831
Continence
the results of pouch surgery after ileo-anal anastomosis for inflammatory bowel disease: the manometric assessment of pouch continence and its reservoir function (Pescatori et al.), 872
Contracture
prevention and treatment of postburn scars and contracture (Robson et al.), 87
Contralateral Resection
surgery for hyperthyroidism: hemithyroidectomy plus contralateral resection or bilateral resection? a prospective randomized study of postoperative complications and long-term results (Andåker et al.), 765
Corneal Nerves
prominent corneal nerves in patients with multiple endocrine neoplasia type 2A: diagnostic implications (Takai et al.), 620
Crush Injury
crush injury and crush syndrome (Michaelson), 899
Crush Syndrome
crush injury and crush syndrome (Michaelson), 899
Cyclic AMP
effect of somatostatin on adenylate cyclase activity in normal and neoplastic thyroid tissue (Siperstein et al.), 555
parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
Cystic Lesions
treatment of cystic lesions of the thyroid by ethanol instillation (Yasuda et al.), 958

D
Deep Vein Thrombosis
prevention of deep vein thrombosis in patients with hip fractures: low molecular weight heparin versus dextran (Oertli et al.), 980
thromboembolic complications in thermally injured patients (Rue et al.), 1151
Dextran
prevention of deep vein thrombosis in patients with hip fractures: low molecular weight heparin versus dextran (Oertli et al.), 980
Diabetics
prostacyclin release from the human saphenous vein in diabetics is

lower than in nondiabetics (Brunkwall et al.), 1141
Diaphragmatic Rupture
the effects of positive airway pressure and intra-abdominal pressure in diaphragmatic rupture (Ali et al.), 1120
Disaster Injury
crush injury and crush syndrome (Michaelson), 899
irradiated trauma victims: the impact of ionizing radiation on surgical considerations following a nuclear mishap (Hirsch et al.), 918
recent progress in surgery for the victims of disaster, terrorism, and war—introduction (Rignault), 885
DNA Analysis
follicular tumors of the thyroid gland: diagnosis, clinical aspects and nuclear DNA analysis (Zedenius et al.), 589
single and multigland disease in primary hyperparathyroidism: clinical follow-up, histopathology, and flow cytometric DNA analysis (Bonjer et al.), 737
the value of measurement of RAS oncogenes and nuclear DNA analysis in the diagnosis of Hürthle cell tumors of the thyroid (Schark et al.), 745
Dopamine
the role of epinephrine, norepinephrine, and dopamine in blood pressure disturbances in patients with pheochromocytoma (Ito et al.), 759
Duodenal Diversion
what is the place of antrectomy with Roux-en-Y in the treatment of reflux disease? experience with 83 total duodenal diversions (Fekete et al.), 349
Duodenal Microgastinoma
clinicopathological characteristics of duodenal microgastrinomas (Imamura et al.), 703
Duodenogastric Reflux
24-hour intragastric pH measurement in the assessment of duodenogastric reflux (Brown et al.), 995
Dysphagia
minimizing the side effects of antireflux surgery (DeMeester et al.), 335
Dysplasia
the neoplastic potential of columnar-lined (Barrett's) esophagus (Tytgat et al.), 308
Dysplastic Nevi
the detection and management of dysplastic nevi and early melanoma (Rivers), 166
hereditary melanoma and the search for the melanoma gene (Kefford), 246

E
Edema Formation
pathogenesis of edema formation in burn injuries (Lund et al.), 2
Editorial
from the editor (Wells), 1023
Elderly
surgical problems in octogenarians: epidemiological analysis of 1,083 consecutive admissions (Reiss et al.), 1017
Elective Lymph Node Dissection
elective lymph node dissection for melanoma: two perspectives (McCarthy et al.), 203
management of the regional lymph nodes in patients with cutaneous malignant melanoma (Cochran et al.), 214
Electrocoagulation
electrocoagulation for adenocarcinoma of the low rectum (Eisenstat et al.), 458
Electromyography
gastrointestinal motility of patients with Roux-en-Y reconstruction (Coelho et al.), 111
the usefulness of tests in anorectal disease (Parks), 804
Embryonic Membranes
biologic wound coverings in burn treatment (Alsbjörn), 43
to the editor (King et al.), 1202
Emergency Care
laparoscopy in the emergency setting (Sackier), 1083
Endocavitary Irradiation
endocavitary irradiation in the conservative treatment of adenocarcinoma of the low rectum (Papillon et al.), 451
Endoscopic Laser Therapy
laser therapy of gastrointestinal tumors (Eckhauser), 1054
Endoscopic Management
endoscopic management of common bile duct stones (Ponsky), 1060
endoscopic management of nonvariceal gastrointestinal bleeding (Steffes et al.), 1025
endoscopic therapy for biliary obstruction (Soehendra et al.), 1066
Endoscopic Retrograde Cholangiopancreatography
biliary ascariasis: surgical aspects (Wani et al.), 976
Endoscopic Surgery
new frontiers in endoscopic surgery—introduction (Ponsky), 1024
therapeutic colonoscopy (Forde), 1048
Endoscopic Treatment
approaches to the endoscopic treatment of esophageal varices (Van Stiegmann et al.), 1034
endoscopic intervention for enteral access (Stellato), 1042
therapeutic colonoscopy (Forde), 1048
Endoscopy
biliary ascariasis: surgical aspects (Wani et al.), 976
endoscopic control of gastro-esophageal reflux: status report (Donahue et al.), 343
endoscopic subfascial sectioning of incompetent perforating veins in treatment of primary varicosis (Jugenheimer et al.), 971
minimally invasive antireflux procedures (Stein et al.), 347
patterns of internal echoes in lymph nodes in the diagnosis of lung cancer metastasis (Lee et al.), 986
to the editor (Choudhuri et al.), 153
Endosonography
endosonography in patient selection for surgical treatment of esophageal carcinoma (Fok et al.), 1098
new diagnostic imaging in rectal cancer: endosonography and immunoscintigraphy (Feifel et al.), 841
Enteral Access
endoscopic intervention for enteral access (Stellato), 1042
Epidemiology
epidemiology of gastro-esophageal reflux disease (Howard et al.), 288
surgical problems in octogenarians: epidemiological analysis of 1,083 consecutive admissions (Reiss et al.), 1017
the changing epidemiology of infection in burn patients (Pruitt et al.), 57
Epinephrine
the role of epinephrine, norepinephrine, and dopamine in blood pressure disturbances in patients with pheochromocytoma (Ito et al.), 759
Escheloned Medical Systems
triage: in austere environments and echeloned medical systems (Llewellyn), 904
Esophageal Carcinoma
endosonography in patient selection for surgical treatment of esophageal carcinoma (Fok et al.), 1098
pre-operative radiotherapy prolongs survival in operable esophageal carcinoma: a randomized, multicenter study of pre-operative radiotherapy and chemotherapy. the second Scandinavian trial in esophageal cancer (Nygaard et al.), 1104
Esophageal Varices
approaches to the endoscopic treatment of esophageal varices (Van Stiegmann et al.), 1034

liver resection for hepatocellular carcinoma (HCC) with direct removal of tumor thrombi in the main portal vein (Yamaola et al.), 1172
present status of sclerotherapy and surgical treatment for esophageal varices in Japan (Idezuki et al.), 1193
Esophagitis
epidemiology of gastro-esophageal reflux disease (Howard et al.), 288
maintenance therapy: is there still a place for antireflux surgery? (Armstrong et al.), 300
what has the surgeon to know about pathophysiology of reflux disease? (Sivri et al.), 294
what is the place of antrectomy with Roux-en-Y in the treatment of reflux disease? experience with 83 total duodenal diversions (Fekete et al.), 349
Ethanol Sclerotherapy
treatment of cystic lesions of the thyroid by ethanol instillation (Yasuda et al.), 958
Explosion Injury
the relationship of blast loading to death and injury from explosion (Mellor), 893
External Beam Irradiation
endocavitary irradiation in the conservative treatment of adenocarcinoma of the low rectum (Papillon et al.), 451
the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495

F
Fecal Incontinence
fecal incontinence: indications for repairing the anal sphincter (Penninckx), 820
Fibrin Glue
comparison of topical hemostatic agents in elective hepatic resection: a clinical prospective randomized trial (Kohno et al.), 966
Follicular Tumors
follicular tumors of the thyroid gland: diagnosis, clinical aspects and nuclear DNA analysis (Zedenius et al.), 589
invasion by cultured human follicular thyroid cancer correlates with increased β_1 integrins and production of proteases (Demeure et al.), 770
Fundoplication
fundoplication: how to do it? peri-esophageal wrapping as a therapeutic principal in gastro-esophageal reflux prevention (Siewert et al.), 326
mechanisms of action of antireflux surgery: theory and fact (Little), 320
minimizing the side effects of antireflux surgery (DeMeester et al.), 335
surgical management after failed antireflux operations (Skinner), 359
who benefits from antireflux surgery? (Stein et al.), 313

G
Gallbladder Carcinoma
to the editor (Awasthi), 364
Gallbladder Lithiasis
laparoscopic cholecystectomy: the state of the art. a report on 700 consecutive cases (Périssat et al.), 1074
Gastric Carcinoma
a new technique for the resection of gastric cancer: modified Appleby procedure with reconstruction of hepatic artery (Takenaka et al.), 947
Gastrinoma
clinicopathological characteristics of duodenal microgastrinomas (Imamura et al.), 703
Gastro-Esophageal Reflux Disease
endoscopic control of gastro-esophageal reflux: status report (Donahue et al.), 343
epidemiology of gastro-esophageal reflux disease (Howard et al.), 288
fundoplication: how to do it? peri-esophageal wrapping as a therapeutic principal in gastro-esophageal reflux prevention (Siewert et al.), 326
gastro-esophageal reflux disease: surgical point of view—introduction (Siewert), 287
maintenance therapy: is there still a place for antireflux surgery? (Armstrong et al.), 300
mechanisms of action of antireflux surgery: theory and fact (Little), 320
minimally invasive antireflux procedures (Stein et al.), 347
surgical management after failed antireflux operations (Skinner), 359
the quality of life following antireflux surgery (Pope), 355
the relationship between intra-operative manometry and clinical outcome in patients operated on for gastro-esophageal reflux disease (Jamieson et al.), 337
what has the surgeon to know about pathophysiology of reflux disease? (Sivri et al.), 294
what is the place of antrectomy with Roux-en-Y in the treatment of reflux disease? experience with 83 total duodenal diversions (Fekete et al.), 349
who benefits from antireflux surgery? (Stein et al.), 313
Gastroenteropancreatic Tract
serum chromogranin A in the diagnosis and follow-up of neuroendocrine tumors of the gastroenteropancreatic tract (Schürmann et al.), 697
Gastrointestinal Motility
gastrointestinal motility of patients with Roux-en-Y reconstruction (Coelho et al.), 111
Gastrointestinal Tumors
laser therapy of gastrointestinal tumors (Eckhauser), 1054
Gastrojejunostomy
what is the place of antrectomy with Roux-en-Y in the treatment of reflux disease? experience with 83 total duodenal diversions (Fekete et al.), 349
Genetic Abnormalities
hereditary melanoma and the search for the melanoma gene (Kefford), 246
Glucagonoma Syndromes
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
Graves' Disease
clinical course and thyroid stimulating hormone (TSH) receptor antibodies during surgical treatment of Graves' disease (Mori et al.), 647
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
GSP Oncogenes
mutational activation of RAS and GSP oncogenes in differentiated thyroid cancer and their biological implications (Goretzki et al.), 576
GTP-Binding Proteins
mutational activation of RAS and GSP oncogenes in differentiated thyroid cancer and their biological implications (Goretzki et al.), 576

H
Head Chondrosarcoma
chondrosarcomas of the head and neck (Ruark et al.), 1010
Head Injuries
head injuries in infants and children: measures to reduce mortality and morbidity in road accidents (Simpson et al.), 403
helmet efficacy in the prevention of bicyclist head injuries: Royal Australasian College of Surgeons initia-

tives in the introduction of compulsory safety helmet wearing in Victoria, Australia (McDermott), 379
improving head protection for cyclists, motorcyclists, and car occupants (Ryan), 398
mandatory bicycle helmet use: experience in Victoria, Australia (Vulcan et al.), 389
Hemangiomas
giant cavernous hemangiomas: diagnosis and surgical strategies (Lise et al.), 516
Hemithyroidectomy
surgery for hyperthyroidism: hemithyroidectomy plus contralateral resection or bilateral resection? a prospective randomized study of postoperative complications and long-term results (Andåker et al.), 765
Hemoglobin
to the editor (Choudhuri et al.), 153
Heparin
prevention of deep vein thrombosis in patients with hip fractures: low molecular weight heparin versus dextran (Oertli et al.), 980
thromboembolic complications in thermally injured patients (Rue et al.), 1151
Hepatectomy
comparison of topical hemostatic agents in elective hepatic resection: a clinical prospective randomized trial (Kohno et al.), 966
liver resection for hepatocellular carcinoma (HCC) with direct removal of tumor thrombi in the main portal vein (Yamaola et al.), 1172
Hepatic Artery
a new technique for the resection of gastric cancer: modified Appleby procedure with reconstruction of hepatic artery (Takenaka et al.), 947
one liver for two: partition of the portal elements (Rat et al.), 1167
Hepatic Resection
hepatic resection for hepatocellular carcinoma (Suenaga et al.), 97
Hepaticojejunostomy
Roux-en-Y hepaticojejunostomy with subcutaneous access and the use of Gianturco stents for the management of biliary tract strictures (Quintero et al.), 1178
Hepatocellular Carcinoma
hepatic resection for hepatocellular carcinoma (Suenaga et al.), 97
liver resection for hepatocellular carcinoma (HCC) with direct removal of tumor thrombi in the main portal vein (Yamaola et al.), 1172
repeat operation for nodular recurrent hepatocellular carcinoma within the cirrhotic liver remnant: a comparison with transcatheter arterial chemoembolization (Jeng et al.), 1188
Hereditary Melanoma
hereditary melanoma and the search for the melanoma gene (Kefford), 246
Hip Fractures
prevention of deep vein thrombosis in patients with hip fractures: low molecular weight heparin versus dextran (Oertli et al.), 980
Homografts
biologic wound coverings in burn treatment (Alsbjörn), 43
to the editor (King et al.), 1202
Hormonal Activity
serum chromogranin A in the diagnosis and follow-up of neuroendocrine tumors of the gastroenteropancreatic tract (Schürmann et al.), 697
Hormonal Syndromes
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
Hürthle Cell Tumors
follicular tumors of the thyroid gland: diagnosis, clinical aspects and nuclear DNA analysis (Zedenius et al.), 589
Hürthle cell (oxyphilic) papillary thyroid carcinoma: a variant with more aggressive biologic behavior (Herrera et al.), 669
Hypercalcemia
causes of failed primary exploration and technical aspects of re-operation in primary hyperparathyroidism (Åkerström et al.), 562
primary hyperparathyroidism in Austria: results of an 8-year prospective study (Niederle et al.), 777
Hyperparathyroidism
causes of failed primary exploration and technical aspects of re-operation in primary hyperparathyroidism (Åkerström et al.), 562
dynamics of parathyroid hormone release and serum calcium regulation after surgery for primary hyperparathyroidism (Graf et al.), 625
findings and long-term results of parathyroid surgery in multiple endocrine neoplasia type 1 (Hellman et al.), 718
long-term effects of parathyroidectomy for primary hyperparathyroidism on arterial hypertension (Sancho et al.), 732
parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
primary hyperparathyroidism in Austria: results of an 8-year prospective study (Niederle et al.), 777
primary hyperparathyroidism in younger and older patients: symptoms and outcome of surgery (Udén et al.), 791
recurrent renal hyperparathyroidism and DNA analysis of autografted parathyroid tissue (Tominaga et al.), 595
single and multigland disease in primary hyperparathyroidism: clinical follow-up, histopathology, and flow cytometric DNA analysis (Bonjer et al.), 737
surgery for hyperthyroidism: hemithyroidectomy plus contralateral resection or bilateral resection? a prospective randomized study of postoperative complications and long-term results (Andåker et al.), 765
unilateral neck exploration for primary hyperparathyroidism: analysis of a controversy using a mathematical model (Duh et al.), 654
Hyperthermic Conditions
optimization of isolated hyperthermic limb perfusion (Omlor et al.), 1117
Hyperthyroidism
percutaneous ethanol injection treatment of autonomously functioning single thyroid nodules: optimization of treatment and short term outcome (Goletti et al.), 784
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
Hypoglycemia Syndrome
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
Hypothyroidism
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
Hysterectomy
autonomic influences on colorectal motility and pelvic surgery (Varma), 811

I

Idiopathic Portal Hypertension
"endemic" idiopathic portal hypertension: report on 32 patients with

non-cirrhotic portal fibrosis (Vakili et al.), 118
Ileal Pouch-Anal Anastomosis
long-term functional results and quality of life after ileal pouch-anal anastomosis and cholecystectomy (Köhler et al.), 1126
results of pouch surgery after ileo-anal anastomosis: the implications of pouchitis (Fozard et al.), 880
the results of pouch surgery after ileo-anal anastomosis for inflammatory bowel disease: the manometric assessment of pouch continence and its reservoir function (Pescatori et al.), 872
Ileostomy
improved stabilization of conventional (Brooke) ileostomies with the stapler technique (Ecker et al.), 525
Ileum
to the editor (Misra), 151
Immune System
the immunologic response to thermal injury (Heideman et al.), 53
Immune Thrombocytopenic Purpura
surgical treatment of immune thrombocytopenic purpura (Chirletti et al.), 1001
Immunomodulators
therapy of disseminated melanoma by liposome-activated macrophages (Fidler), 270
Immunoscintigraphy
new diagnostic imaging in rectal cancer: endosonography and immunoscintigraphy (Feifel et al.), 841
Immunotherapy
active immunotherapy with viral lysates of micrometastases following surgical removal of high risk melanoma (Hersey), 251
immunotherapy with monoclonal antibodies in metastatic melanoma (Steffens et al.), 261
Impact Biomechanics
causes and control of spinal cord injury in automotive crashes (Viano), 410
mechanisms of injury and biomechanics: vehicle design and crash performance (Mackay), 420
Incompetent Perforating Veins
endoscopic subfascial sectioning of incompetent perforating veins in treatment of primary varicosis (Jugenheimer et al.), 971
Infants
head injuries in infants and children: measures to reduce mortality and morbidity in road accidents (Simpson et al.), 403
Inflammation
the metabolic effects of thermal injury (Tredget et al.), 68
Inflammatory Bowel Disease
the results of pouch surgery after ileo-anal anastomosis for inflammatory bowel disease: the manometric assessment of pouch continence and its reservoir function (Pescatori et al.), 872
Inflammatory Mediators
the role of mediators in the response to thermal injury (Youn et al.), 30
Inguinal Hernia
optimal timing of elective indirect inguinal hernia repair in healthy children: clinical considerations for improved outcome (Stephens et al.), 952
Injury Prevention
head injuries in infants and children: measures to reduce mortality and morbidity in road accidents (Simpson et al.), 403
helmet efficacy in the prevention of bicyclist head injuries: Royal Australasian College of Surgeons initiatives in the introduction of compulsory safety helmet wearing in Victoria, Australia (McDermott), 379
improving head protection for cyclists, motorcyclists, and car occupants (Ryan), 398
road trauma prevention: perspectives (Trinca), 370
traffic safety education: panacea, prophylactic or placebo? (Johnston), 374
Insulinoma
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
Interferon-γ
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
Intra-Abdominal Pressure
the effects of positive airway pressure and intra-abdominal pressure in diaphragmatic rupture (Ali et al.), 1120
Intragastric pH Measurement
24-hour intragastric pH measurement in the assessment of duodenogastric reflux (Brown et al.), 995
Intraoperative Irradiation
the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495
Intraoperative Monitoring
parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
Isolated Limb Perfusion
controversies concerning adjuvant regional isolated perfusion for stage I melanoma of the extremities (Koops et al.), 241
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
isolated limb perfusion for melanoma: effectiveness and toxicity of cisplatin compared with that of melphalan and other drugs (Thompson et al.), 227

K
Kidney
recurrent renal hyperparathyroidism and DNA analysis of autografted parathyroid tissue (Tominaga et al.), 595
Kidney Transplantation
living unrelated donor kidney transplantation between spouses (Haberal et al.), 1183

L
Laparoscopic Cholecystectomy
evaluation of the laparoscopic cholecystectomy on patients with simple and complicated cholecystolithiasis (Fabre et al.), 113
laparoscopic cholecystectomy: the state of the art. a report on 700 consecutive cases (Périssat et al.), 1074
routine versus selective intra-operative cholangiography during laparoscopic cholecystectomy (Soper et al.), 1133
Laparoscopic Surgery
the spectrum of laparoscopic surgery (Cuschieri), 1089
Laparoscopy
laparoscopy in the emergency setting (Sackier), 1083
minimally invasive antireflux procedures (Stein et al.), 347
Laser Therapy
laser therapy of gastrointestinal tumors (Eckhauser), 1054
Limb Injury
advances in treatment of vascular injuries from blunt and penetrating limb trauma (Martin et al.), 930
injury to the popliteal vessels: the Lebanese war experience (Sfeir et al.), 1156

optimization of isolated hyperthermic limb perfusion (Omlor et al.), 1117
Liposomes
therapy of disseminated melanoma by liposome-activated macrophages (Fidler), 270
Liver
giant cavernous hemangiomas: diagnosis and surgical strategies (Lise et al.), 516
liver resection for hepatocellular carcinoma (HCC) with direct removal of tumor thrombi in the main portal vein (Yamaoka et al.), 1172
one liver for two: partition of the portal elements (Rat et al.), 1167
repeat operation for nodular recurrent hepatocellular carcinoma within the cirrhotic liver remnant: a comparison with transcatheter arterial chemoembolization (Jeng et al.), 1188
to the editor (Ng et al.), 150
to the editor (Spiliotis et al.), 545
Local Anesthesia
parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
Local Excision
adjuvant therapy for adenocarcinoma of the rectum (O'Connell et al.), 510
excision of the rectum with colonic J pouch-anal anastomosis for adenocarcinoma of the low and mid rectum (Berger et al.), 470
local excision of carcinoma of the rectum: indications (Killingback), 437
technique of per anal excision for carcinoma of the low rectum (Nivatvongs et al.), 447
Low Rectal Carcinoma
abdominoperineal resection for adenocarcinoma of the low rectum (Tothenberger et al.), 478
adequate distal margin of resection for adenocarcinoma of the rectum (Phillips), 463
adjuvant therapy for adenocarcinoma of the rectum (O'Connell et al.), 510
electrocoagulation for adenocarcinoma of the low rectum (Eisenstat et al.), 458
endocavitary irradiation in the conservative treatment of adenocarcinoma of the low rectum (Papillon et al.), 451
excision of the rectum with colonic J pouch-anal anastomosis for adenocarcinoma of the low and mid rectum (Berger et al.), 470
lateral margins of resection in adenocarcinoma of the rectum (Wolff), 467
local excision of carcinoma of the rectum: indications (Killingback), 437
locally recurrent rectal cancer: surgical strategy (de Azevedo et al.), 490
management of adenocarcinoma of the low rectum—introduction (Nivatvongs), 428
pre-operative evaluation of patients with low rectal carcinoma (Durdey et al.), 430
role of pre-operative irradiation for anal preservation in cancer of the low rectum (Berard et al.), 502
surgical management of locally advanced adenocarcinoma of the rectum (Devine et al.), 486
technique of per anal excision for carcinoma of the low rectum (Nivatvongs et al.), 447
the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495
Lower Esophageal Sphincter
does modern technology belong in gastro-intestinal surgery? a step from subjective perception to objective information (Hill et al.), 341
fundoplication: how to do it? periesophageal wrapping as a therapeutic principal in gastro-esophageal reflux prevention (Siewert et al.), 326
mechanisms of action of antireflux surgery: theory and fact (Little), 320
the relationship between intra-operative manometry and clinical outcome in patients operated on for gastro-esophageal reflux disease (Jamieson et al.), 337
what has the surgeon to know about pathophysiology of reflux disease? (Sivri et al.), 294
who benefits from antireflux surgery? (Stein et al.), 313
Lung Cancer Metastasis
patterns of internal echoes in lymph nodes in the diagnosis of lung cancer metastasis (Lee et al.), 986
Lymph Node Metastases
active immunotherapy with viral lysates of micrometastases following surgical removal of high risk melanoma (Hersey), 251
patterns of internal echoes in lymph nodes in the diagnosis of lung cancer metastasis (Lee et al.), 986
Lymphadenectomy
management of the regional lymph nodes in patients with cutaneous malignant melanoma (Cochran et al.), 214

M
Macrophage Therapy
therapy of disseminated melanoma by liposome-activated macrophages (Fidler), 270
Maintenance Therapy
maintenance therapy: is there still a place for antireflux surgery? (Armstrong et al.), 300
Malignant Melanoma
desmoplastic melanoma: patterns of recurrence (Smithers et al.), 186
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
malignant melanoma in childhood: a clinicopathologic study of 13 cases and comparison with Spitz nevi (Crotty et al.), 179
malignant melanoma—introduction (McCarthy), 155
management of the regional lymph nodes in patients with cutaneous malignant melanoma (Cochran et al.), 214
melanoma and sun exposure: contrasts between intermittent and chronic exposure (Elwood), 157
neck dissection for cutaneous malignant melanoma (O'Brien et al.), 222
rare variants of malignant melanoma (Milton et al.), 173
systemic chemotherapy for malignant melanoma (Coates), 277
Mathematical Model
unilateral neck exploration for primary hyperparathyroidism: analysis of a controversy using a mathematical model (Duh et al.), 654
Melanoma
active immunotherapy with viral lysates of micrometastases following surgical removal of high risk melanoma (Hersey), 251
controversies concerning adjuvant regional isolated perfusion for stage I melanoma of the extremities (Koops et al.), 241
cutaneous melanomas exhibiting unusual biological behavior (Shaw et al.), 196
desmoplastic melanoma: patterns of recurrence (Smithers et al.), 186
elective lymph node dissection for melanoma: two perspectives (McCarthy et al.), 203

hereditary melanoma and the search for the melanoma gene (Kefford), 246
immunotherapy with monoclonal antibodies in metastatic melanoma (Steffens et al.), 261
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
isolated limb perfusion for melanoma: effectiveness and toxicity of cisplatin compared with that of melphalan and other drugs (Thompson et al.), 227
malignant melanoma in childhood: a clinicopathologic study of 13 cases and comparison with Spitz nevi (Crotty et al.), 179
malignant melanoma—introduction (McCarthy), 155
management of the regional lymph nodes in patients with cutaneous malignant melanoma (Cochran et al.), 214
melanoma and sun exposure: contrasts between intermittent and chronic exposure (Elwood), 157
neck dissection for cutaneous malignant melanoma (O'Brien et al.), 222
palliative care and melanoma: the care of the patient with progressive disease (Lickiss), 282
rare variants of malignant melanoma (Milton et al.), 173
the detection and management of dysplastic nevi and early melanoma (Rivers), 166
therapy of disseminated melanoma by liposome-activated macrophages (Fidler), 270

Melanoma Gene
hereditary melanoma and the search for the melanoma gene (Kefford), 246

Melanoma Recurrence
active immunotherapy with viral lysates of micrometastases following surgical removal of high risk melanoma (Hersey), 251
cutaneous melanomas exhibiting unusual biological behavior (Shaw et al.), 196
desmoplastic melanoma: patterns of recurrence (Smithers et al.), 186
predicting survival and recurrence in localized melanoma: a multivariate approach (Soong et al.), 191

Melanoma Thickness
cutaneous melanomas exhibiting unusual biological behavior (Shaw et al.), 196
predicting survival and recurrence in localized melanoma: a multivariate approach (Soong et al.), 191

Melphalan
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
isolated limb perfusion for melanoma: effectiveness and toxicity of cisplatin compared with that of melphalan and other drugs (Thompson et al.), 227

Metabolism
nutritional support of the burned patient (Waymack et al.), 80
the metabolic effects of thermal injury (Tredget et al.), 68

Metastases
therapy of disseminated melanoma by liposome-activated macrophages (Fidler), 270

Microcrystalline Collagen Powder
comparison of topical hemostatic agents in elective hepatic resection: a clinical prospective randomized trial (Kohno et al.), 966

Minimal Access Surgery
the spectrum of laparoscopic surgery (Cuschieri), 1089

Monoclonal Antibodies
immunotherapy with monoclonal antibodies in metastatic melanoma (Steffens et al.), 261

Motorcycle Injuries
helmet efficacy in the prevention of bicyclist head injuries: Royal Australasian College of Surgeons initiatives in the introduction of compulsory safety helmet wearing in Victoria, Australia (McDermott), 379
improving head protection for cyclists, motorcyclists, and car occupants (Ryan), 398
mechanisms of injury and biomechanics: vehicle design and crash performance (Mackay), 420

Mucoepidermoid Carcinoma
solid cell nests of the thyroid gland: precursor of mucoepidermoid carcinoma? (Ozaki et al.), 685

Multiple Endocrine Neoplasia Type 1
findings and long-term results of parathyroid surgery in multiple endocrine neoplasia type 1 (Hellman et al.), 718
pancreatic tumors in multiple endocrine neoplasia type 1: clinical presentation and surgical treatment (Grama et al.), 611

Multiple Endocrine Neoplasia Type 2A
prominent corneal nerves in patients with multiple endocrine neoplasia type 2A: diagnostic implications (Takai et al.), 620

Mutational Activation
mutational activation of RAS and GSP oncogenes in differentiated thyroid cancer and their biological implications (Goretzki et al.), 576

N

Nasal Melanoma
rare variants of malignant melanoma (Milton et al.), 173

Neck Chondrosarcoma
chondrosarcomas of the head and neck (Ruark et al.), 1010

Neck Dissection
neck dissection for cutaneous malignant melanoma (O'Brien et al.), 222

Neck Exploration
unilateral neck exploration for primary hyperparathyroidism: analysis of a controversy using a mathematical model (Duh et al.), 654

Neck Injury
causes and control of spinal cord injury in automotive crashes (Viano), 410

Neoplasia
the neoplastic potential of columnar-lined (Barrett's) esophagus (Tytgat et al.), 308

Neural Transforming Melanoma
desmoplastic melanoma: patterns of recurrence (Smithers et al.), 186

Neuroendocrine Tumors
serum chromogranin A in the diagnosis and follow-up of neuroendocrine tumors of the gastroenteropancreatic tract (Schürmann et al.), 697

Neurotropic Melanoma
desmoplastic melanoma: patterns of recurrence (Smithers et al.), 186

Non-Hodgkin's Lymphoma
non-Hodgkin's lymphoma of the thyroid: is more than biopsy necessary? (Pyke et al.), 604

Noncirrhotic Portal Fibrosis
"endemic" idiopathic portal hypertension: report on 32 patients with non-cirrhotic portal fibrosis (Vakili et al.), 118

Norepinephrine
the role of epinephrine, norepinephrine, and dopamine in blood pressure disturbances in patients with pheochromocytoma (Ito et al.), 759

Nuclear Accidents
irradiated trauma victims: the impact of ionizing radiation on surgical considerations following a nuclear mishap (Hirsch et al.), 918

Nutrition
nutritional support of the burned patient (Waymack et al.), 80

the metabolic effects of thermal injury (Tredget et al.), 68

O

Oncogenes
hereditary melanoma and the search for the melanoma gene (Kefford), 246
Oral Melanoma
rare variants of malignant melanoma (Milton et al.), 173
Oxyphilic Tumors
follicular tumors of the thyroid gland: diagnosis, clinical aspects and nuclear DNA analysis (Zedenius et al.), 589
Hürthle cell (oxyphilic) papillary thyroid carcinoma: a variant with more aggressive biologic behavior (Herrera et al.), 669
the value of measurement of RAS oncogenes and nuclear DNA analysis in the diagnosis of Hürthle cell tumors of the thyroid (Schark et al.), 745

P

Palliative Care
palliative care and melanoma: the care of the patient with progressive disease (Lickiss), 282
Pancreatic Gastrinoma
clinicopathological characteristics of duodenal microgastrinomas (Imamura et al.), 703
Pancreatic Pseudocysts
percutaneous drainage of pancreatic pseudocysts: a prospective study (D'Egidio et al.), 141
Pancreatic Tumors
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
pancreatic tumors in multiple endocrine neoplasia type 1: clinical presentation and surgical treatment (Grama et al.), 611
Pancreaticoduodenectomy
completion pancreatectomy following pancreaticoduodenectomy: clinical experience (Smith et al.), 521
Pancreatitis
bleeding varices of the small bowel as a complication of pancreatitis: case report and review of the literature (Lein et al.), 1147
Papillary Carcinoma
Hürthle cell (oxyphilic) papillary thyroid carcinoma: a variant with more aggressive biologic behavior (Herrera et al.), 669
Parathyroid Adenomectomy
parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
Parathyroid Carcinoma
prognostic factors in parathyroid cancer: a review of 95 cases (Sandelin et al.), 724
Parathyroid Hormone
dynamics of parathyroid hormone release and serum calcium regulation after surgery for primary hyperparathyroidism (Graf et al.), 625
parathyroid adenomectomy under local anesthesia with intra-operative monitoring of UcAMP and/or 1-84 PTH (Chapuis et al.), 570
Parathyroid Surgery
dynamics of parathyroid hormone release and serum calcium regulation after surgery for primary hyperparathyroidism (Graf et al.), 625
findings and long-term results of parathyroid surgery in multiple endocrine neoplasia type 1 (Hellman et al.), 718
prognostic factors in parathyroid cancer: a review of 95 cases (Sandelin et al.), 724
Parathyroid Tissue, Autografted
recurrent renal hyperparathyroidism and DNA analysis of autografted parathyroid tissue (Tominaga et al.), 595
Parathyroidectomy
findings and long-term results of parathyroid surgery in multiple endocrine neoplasia type 1 (Hellman et al.), 718
long-term effects of parathyroidectomy for primary hyperparathyroidism on arterial hypertension (Sancho et al.), 732
unilateral neck exploration for primary hyperparathyroidism: analysis of a controversy using a mathematical model (Duh et al.), 654
Pelvic Surgery
autonomic influences on colorectal motility and pelvic surgery (Varma), 811
fecal incontinence: indications for repairing the anal sphincter (Penninckx), 820
recent progress in pelvic surgery—introduction (Smith), 803
results of pouch surgery after ileoanal anastomosis: the implications of pouchitis (Fozard et al.), 880
results of the double stapling procedure in pelvic surgery (Griffen et al.), 866
the results of pouch surgery after ileo-anal anastomosis for inflammatory bowel disease: the manometric assessment of pouch continence and its reservoir function (Pescatori et al.), 872
treatment of complete rectal prolapse: to narrow, to wrap, to suspend, to fix, to encircle, to plicate or to resect? (Kuijpers), 826
Penetrating Trauma
advances in treatment of vascular injuries from blunt and penetrating limb trauma (Martin et al.), 930
blunt and penetrating chest injury (McSwain), 924
Penile Melanoma
rare variants of malignant melanoma (Milton et al.), 173
Percutaneous Drainage
percutaneous drainage of pancreatic pseudocysts: a prospective study (D'Egidio et al.), 141
Percutaneous Ethanol Injection Treatment
percutaneous ethanol injection treatment of autonomously functioning single thyroid nodules: optimization of treatment and short term outcome (Goletti et al.), 784
Peri-Esophageal Wrapping
fundoplication: how to do it? peri-esophageal wrapping as a therapeutic principal in gastro-esophageal reflux prevention (Siewert et al.), 326
Perineometry
the usefulness of tests in anorectal disease (Parks), 804
Pheochromocytoma
the role of epinephrine, norepinephrine, and dopamine in blood pressure disturbances in patients with pheochromocytoma (Ito et al.), 759
urodynamics in patients with pheochromocytoma: a peri-operative study of 10 cases (Carnaille et al.), 676
Photodynamic Therapy
laser therapy of gastrointestinal tumors (Eckhauser), 1054
Popliteal Vessels
injury to the popliteal vessels: the Lebanese war experience (Sfeir et al.), 1156
Portal Vein
liver resection for hepatocellular carcinoma (HCC) with direct removal of tumor thrombi in the main portal vein (Yamaoka et al.), 1172
one liver for two: partition of the portal elements (Rat et al.), 1167
Positive Airway Pressure
the effects of positive airway pressure and intra-abdominal pressure in diaphragmatic rupture (Ali et al.), 1120

Postburn Treatment
prevention and treatment of postburn scars and contracture (Robson et al.), 87
Postoperative Evaluation
primary hyperparathyroidism in younger and older patients: symptoms and outcome of surgery (Udén et al.), 791
the incidence of bilateral well-differentiated thyroid cancer found at completion thyroidectomy (Pasieka et al.), 711
Postoperative Irradiation
adjuvant therapy for adenocarcinoma of the rectum (O'Connell et al.), 510
Postoperative Morbidity
factors affecting morbidity and mortality in biliary tract surgery (Su et al.), 536
Postoperative Mortality
early postoperative mortality following cholecystectomy in the entire female population of Denmark, 1977–1981 (Bredesen et al.), 530
factors affecting morbidity and mortality in biliary tract surgery (Su et al.), 536
survival rates and prognostic factors in adrenocortical carcinoma (Icard et al.), 753
Postoperative Radiotherapy
differentiated thyroid carcinoma in children and adolescents (Harness et al.), 547
is it still worthwhile to treat bone metastases from differentiated thyroid carcinoma with radioactive iodine? (Proye et al.), 640
pre-operative and post-operative radiotherapy and rectal cancer (Påhlman et al.), 858
Postoperative Thyroid Function
clinical course and thyroid stimulating hormone (TSH) receptor antibodies during surgical treatment of Graves' disease (Mori et al.), 647
Pouch Surgery
results of pouch surgery after ileoanal anastomosis: the implications of pouchitis (Fozard et al.), 880
the results of pouch surgery after ileo-anal anastomosis for inflammatory bowel disease: the manometric assessment of pouch continence and its reservoir function (Pescatori et al.), 872
Pouchitis
results of pouch surgery after ileoanal anastomosis: the implications of pouchitis (Fozard et al.), 880
Preoperative Evaluation
endosonography in patient selection for surgical treatment of esophageal carcinoma (Fok et al.), 1098
new diagnostic imaging in rectal cancer: endosonography and immunoscintigraphy (Feifel et al.), 841
non-Hodgkin's lymphoma of the thyroid: is more than biopsy necessary? (Pyke et al.), 604
patterns of internal echoes in lymph nodes in the diagnosis of lung cancer metastasis (Lee et al.), 986
pre-operative evaluation of patients with low rectal carcinoma (Durdey et al.), 430
primary hyperparathyroidism in younger and older patients: symptoms and outcome of surgery (Udén et al.), 791
surgical management of locally advanced adenocarcinoma of the rectum (Devine et al.), 486
Preoperative Preparation
factors affecting morbidity and mortality in biliary tract surgery (Su et al.), 536
Preoperative Radiotherapy
pre-operative and post-operative radiotherapy and rectal cancer (Påhlman et al.), 858
pre-operative radiotherapy as adjuvant treatment in rectal cancer (Izar et al.), 106
pre-operative radiotherapy prolongs survival in operable esophageal carcinoma: a randomized, multicenter study of pre-operative radiotherapy and chemotherapy. the second Scandinavian trial in esophageal cancer (Nygaard et al.), 1104
role of pre-operative irradiation for anal preservation in cancer of the low rectum (Berard et al.), 502
Prognostic Factors
prognostic factors in parathyroid cancer: a review of 95 cases (Sandelin et al.), 724
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
survival rates and prognostic factors in adrenocortical carcinoma (Icard et al.), 753
Prostacyclin
prostacyclin release from the human saphenous vein in diabetics is lower than in nondiabetics (Brunkwall et al.), 1141
Proteases
invasion by cultured human follicular thyroid cancer correlates with increased β_1 integrins and production of proteases (Demeure et al.), 770
Pulmonary Injury
smoke inhalation: diagnosis and treatment (Clark), 24
Pulmonary Thromboembolism
thromboembolic complications in thermally injured patients (Rue et al.), 1151
Pulse Oximetry
to the editor (Choudhuri et al.), 153

Q
Quality of Life
long-term functional results and quality of life after ileal pouch-anal anastomosis and cholecystectomy (Köhler et al.), 1126
the quality of life following antireflux surgery (Pope), 354

R
Radiation Exposure
irradiated trauma victims: the impact of ionizing radiation on surgical considerations following a nuclear mishap (Hirsch et al.), 918
the surgical management of benign and malignant thyroid neoplasms in Marshall Islanders exposed to hydrogen bomb fallout (Dobyns et al.), 126
Radiotherapy
is it still worthwhile to treat bone metastases from differentiated thyroid carcinoma with radioactive iodine? (Proye et al.), 640
pre-operative radiotherapy as adjuvant treatment in rectal cancer (Izar et al.), 106
pre-operative radiotherapy prolongs survival in operable esophageal carcinoma: a randomized, multicenter study of pre-operative radiotherapy and chemotherapy. the second Scandinavian trial in esophageal cancer (Nygaard et al.), 1104
RAS Oncogenes
mutational activation of RAS and GSP oncogenes in differentiated thyroid cancer and their biological implications (Goretzki et al.), 576
the value of measurement of RAS oncogenes and nuclear DNA analysis in the diagnosis of Hürthle cell tumors of the thyroid (Schark et al.), 745
Recombinant Tumor Necrosis Factor Alpha
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
Reconstruction
prevention and treatment of postburn scars and contracture (Robson et al.), 87

Rectal Carcinoma
new diagnostic imaging in rectal cancer: endosonography and immunoscintigraphy (Feifel et al.), 841
pre-operative and post-operative radiotherapy and rectal cancer (Påhlman et al.), 858
pre-operative radiotherapy as adjuvant treatment in rectal cancer (Izar et al.), 106
results of radical surgery for rectal cancer (Heald et al.), 848
Rectal Prolapse
treatment of complete rectal prolapse: to narrow, to wrap, to suspend, to fix, to encircle, to plicate or to resect? (Kuijpers), 826
Rectal Resection
adequate distal margin of resection for adenocarcinoma of the rectum (Phillips), 463
excision of the rectum with colonic J pouch-anal anastomosis for adenocarcinoma of the low and mid rectum (Berger et al.), 470
lateral margins of resection in adenocarcinoma of the rectum (Wolff), 467
Red Cross
the Red Cross classification of war wounds: the E.X.C.F.V.M. scoring system (Coupland), 910
Renal Hyperparathyroidism
recurrent renal hyperparathyroidism and DNA analysis of autografted parathyroid tissue (Tominaga et al.), 595
Reoperation
causes of failed primary exploration and technical aspects of re-operation in primary hyperparathyroidism (Åkerström et al.), 562
repeat operation for nodular recurrent hepatocellular carcinoma within the cirrhotic liver remnant: a comparison with transcatheter arterial chemoembolization (Jeng et al.), 1188
Road Trauma
causes and control of spinal cord injury in automotive crashes (Viano), 410
head injuries in infants and children: measures to reduce mortality and morbidity in road accidents (Simpson et al.), 403
helmet efficacy in the prevention of bicyclist head injuries: Royal Australasian College of Surgeons initiatives in the introduction of compulsory safety helmet wearing in Victoria, Australia (McDermott), 379
improving head protection for cyclists, motorcyclists, and car occupants (Ryan), 398
mechanisms of injury and biomechanics: vehicle design and crash performance (Mackay), 420
reducing traffic injury: size of the problem and lack of research resources (Campbell), 384
road trauma and its prevention—introduction (Trinca), 369
road trauma prevention: perspectives (Trinca), 370
Roux-en-Y
what is the place of antrectomy with Roux-en-Y in the treatment of reflux disease? experience with 83 total duodenal diversions (Fekete et al.), 349
Roux-en-Y Reconstruction
gastrointestinal motility of patients with Roux-en-Y reconstruction (Coelho et al.), 111
Roux-en-Y hepaticojejunostomy with subcutaneous access and the use of Gianturco stents for the management of biliary tract strictures (Quintero et al.), 1178

S
Saphenous Vein
prostacyclin release from the human saphenous vein in diabetics is lower than in nondiabetics (Brunkwall et al.), 1141
Scars
prevention and treatment of postburn scars and contracture (Robson et al.), 87
Sclerotherapy
approaches to the endoscopic treatment of esophageal varices (Van Stiegmann et al.), 1034
present status of sclerotherapy and surgical treatment for esophageal varices in Japan (Idezuki et al.), 1193
Septic Complications
multifactorial analysis of septic bile and septic complications in biliary surgery (Landau et al.), 962
Serum Calcium
dynamics of parathyroid hormone release and serum calcium regulation after surgery for primary hyperparathyroidism (Graf et al.), 625
primary hyperparathyroidism in Austria: results of an 8-year prospective study (Niederle et al.), 777
Serum Chromogranin A
serum chromogranin A in the diagnosis and follow-up of neuroendocrine tumors of the gastroenteropancreatic tract (Schürmann et al.), 697
Serum Markers
serum chromogranin A in the diagnosis and follow-up of neuroendocrine tumors of the gastroenteropancreatic tract (Schürmann et al.), 697
Skin Replacement
burn wound closure using permanent skin replacement materials (Tompkins et al.), 47
Small Bowel Anastomosis
small bowel anastomosis with the biofragmentable anastomosis ring and manual suture: a prospective, randomized study (Gullichsen et al.), 1006
Small Bowel Bleeding
bleeding varices of the small bowel as a complication of pancreatitis: case report and review of the literature (Lein et al.), 1147
Smoke Inhalation
smoke inhalation: diagnosis and treatment (Clark), 24
Solid Cell Nests
solid cell nests of the thyroid gland: precursor of mucoepidermoid carcinoma? (Ozaki et al.), 685
Solitary Rectal Ulcer Syndrome
solitary rectal ulcer: the place of biofeedback and surgery in the treatment of the syndrome (Binnie et al.), 836
Somatostatin
effect of somatostatin on adenylate cyclase activity in normal and neoplastic thyroid tissue (Siperstein et al.), 555
Sonography
acute acalculous cholecystitis complicating trauma: a prospective sonographic study (Imhof et al.), 1160
Spinal Cord Injury
causes and control of spinal cord injury in automotive crashes (Viano), 410
Spitz Nevi
malignant melanoma in childhood: a clinicopathologic study of 13 cases and comparison with Spitz nevi (Crotty et al.), 179
Splenectomy
surgical treatment of immune thrombocytopenic purpura (Chirletti et al.), 1001
Stapler Technique
improved stabilization of conventional (Brooke) ileostomies with the stapler technique (Ecker et al.), 525
results of the double stapling procedure in pelvic surgery (Griffen et al.), 866

Stents
endoscopic therapy for biliary obstruction (Soehendra et al.), 1066
Roux-en-Y hepaticojejunostomy with subcutaneous access and the use of Gianturco stents for the management of biliary tract strictures (Quintero et al.), 1178
Sun Exposure
melanoma and sun exposure: contrasts between intermittent and chronic exposure (Elwood), 157
Surgical Face Masks
to the editor (Laufman), 147
Surgical Management
abdominoperineal resection for adenocarcinoma of the low rectum (Tothenberger et al.), 478
locally recurrent rectal cancer: surgical strategy (de Azevedo et al.), 490
surgical management of locally advanced adenocarcinoma of the rectum (Devine et al.), 486
the role of intra-operative irradiation in locally advanced primary and recurrent rectal adenocarcinoma (Gunderson et al.), 495
the surgical management of benign and malignant thyroid neoplasms in Marshall Islanders exposed to hydrogen bomb fallout (Dobyns et al.), 126
Surgical Resection
a new technique for the resection of gastric cancer: modified Appleby procedure with reconstruction of hepatic artery (Takenaka et al.), 947
hepatic resection for hepatocellular carcinoma (Suenaga et al.), 97
laser therapy of gastrointestinal tumors (Eckhauser), 1054
non-Hodgkin's lymphoma of the thyroid: is more than biopsy necessary? (Pyke et al.), 604
pre-operative radiotherapy as adjuvant treatment in rectal cancer (Izar et al.), 106
prognostic factors in parathyroid cancer: a review of 95 cases (Sandelin et al.), 724
results of radical surgery for rectal cancer (Heald et al.), 848
surgery for hyperthyroidism: hemithyroidectomy plus contralateral resection or bilateral resection? a prospective randomized study of postoperative complications and long-term results (Andåker et al.), 765
Surgical Treatment
clinical course and thyroid stimulating hormone (TSH) receptor antibodies during surgical treatment of Graves' disease (Mori et al.), 647
endosonography in patient selection for surgical treatment of esophageal carcinoma (Fok et al.), 1098
pancreatic tumors in multiple endocrine neoplasia type 1: clinical presentation and surgical treatment (Grama et al.), 611
present status of sclerotherapy and surgical treatment for esophageal varices in Japan (Idezuki et al.), 1193
surgical treatment of immune thrombocytopenic purpura (Chirletti et al.), 1001
treatment of complete rectal prolapse: to narrow, to wrap, to suspend, to fix, to encircle, to plicate or to resect? (Kuijpers), 826
Symptom Evaluation
the quality of life following antireflux surgery (Pope), 354

T
Terrorism Injury
recent progress in surgery for the victims of disaster, terrorism, and war—introduction (Rignault), 885
the relationship of blast loading to death and injury from explosion (Mellor), 893
Thermal Injury
benefits and limitations of burn wound excision (Monafo et al.), 37
burn shock resuscitation (Warden), 16
pathogenesis of edema formation in burn injuries (Lund et al.), 2
the changing epidemiology of infection in burn patients (Pruitt et al.), 57
the immunologic response to thermal injury (Heideman et al.), 53
the metabolic effects of thermal injury (Tredget et al.), 68
Thromboembolism
thromboembolic complications in thermally injured patients (Rue et al.), 1151
Thrombosis
prevention of deep vein thrombosis in patients with hip fractures: low molecular weight heparin versus dextran (Oertli et al.), 980
Thromboxane
prostacyclin release from the human saphenous vein in diabetics is lower than in nondiabetics (Brunkwall et al.), 1141
Thyroid
effect of somatostatin on adenylate cyclase activity in normal and neoplastic thyroid tissue (Siperstein et al.), 555
non-Hodgkin's lymphoma of the thyroid: is more than biopsy necessary? (Pyke et al.), 604
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
solid cell nests of the thyroid gland: precursor of mucoepidermoid carcinoma? (Ozaki et al.), 685
the value of measurement of RAS oncogenes and nuclear DNA analysis in the diagnosis of Hürthle cell tumors of the thyroid (Schark et al.), 745
treatment of cystic lesions of the thyroid by ethanol instillation (Yasuda et al.), 958
Thyroid Carcinoma
differentiated thyroid carcinoma in children and adolescents (Harness et al.), 547
follicular tumors of the thyroid gland: diagnosis, clinical aspects and nuclear DNA analysis (Zedenius et al.), 589
Hürthle cell (oxyphilic) papillary thyroid carcinoma: a variant with more aggressive biologic behavior (Herrera et al.), 669
invasion by cultured human follicular thyroid cancer correlates with increased β_1 integrins and production of proteases (Demeure et al.), 770
is it still worthwhile to treat bone metastases from differentiated thyroid carcinoma with radioactive iodine? (Proye et al.), 640
mutational activation of RAS and GSP oncogenes in differentiated thyroid cancer and their biological implications (Goretzki et al.), 576
outcome of long standing solitary thyroid nodules (Kuma et al.), 583
the incidence of bilateral well-differentiated thyroid cancer found at completion thyroidectomy (Pasieka et al.), 711
Thyroid Neoplasms
the surgical management of benign and malignant thyroid neoplasms in Marshall Islanders exposed to hydrogen bomb fallout (Dobyns et al.), 126
Thyroid Nodules
percutaneous ethanol injection treatment of autonomously functioning single thyroid nodules: optimization of treatment and short term outcome (Goletti et al.), 784
outcome of long standing solitary thyroid nodules (Kuma et al.), 583
Thyroid Stimulating Hormone
effect of somatostatin on adenylate cyclase activity in normal and neo-

plastic thyroid tissue (Siperstein et al.), 555
Thyroid Stimulating Hormone Binding Inhibition Immunoglobulin
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
Thyroid Stimulating Hormone Receptor Antibodies
clinical course and thyroid stimulating hormone (TSH) receptor antibodies during surgical treatment of Graves' disease (Mori et al.), 647
Thyroidectomy
prognostic factors in parathyroid cancer: a review of 95 cases (Sandelin et al.), 724
retrospective analysis of prognostic factors affecting the thyroid functional status after subtotal thyroidectomy for Graves' disease (Okamoto et al.), 690
the incidence of bilateral well-differentiated thyroid cancer found at completion thyroidectomy (Pasieka et al.), 711
Thyrotropin Binding Inhibitory Immunoglobulin
clinical course and thyroid stimulating hormone (TSH) receptor antibodies during surgical treatment of Graves' disease (Mori et al.), 647
Tissue Derivatives
biologic wound coverings in burn treatment (Alsbjörn), 43
to the editor (King et al.), 1202
Topical Hemostatic Agents
comparison of topical hemostatic agents in elective hepatic resection: a clinical prospective randomized trial (Kohno et al.), 966
Toxicity
in transit metastases of malignant melanoma treated by high dose rTNFα in combination with interferon-γ and melphalan in isolation perfusion (Liénard et al.), 234
isolated limb perfusion for melanoma: effectiveness and toxicity of cisplatin compared with that of melphalan and other drugs (Thompson et al.), 227
Traffic Crashes
causes and control of spinal cord injury in automotive crashes (Viano), 410
head injuries in infants and children: measures to reduce mortality and morbidity in road accidents (Simpson et al.), 403
mechanisms of injury and biomechanics: vehicle design and crash performance (Mackay), 420
road trauma prevention: perspectives (Trinca), 370
traffic safety education: panacea, prophylactic or placebo? (Johnston), 374
Traffic Injuries
causes and control of spinal cord injury in automotive crashes (Viano), 410
improving head protection for cyclists, motorcyclists, and car occupants (Ryan), 398
mechanisms of injury and biomechanics: vehicle design and crash performance (Mackay), 420
reducing traffic injury: size of the problem and lack of research resources (Campbell), 384
traffic safety education: panacea, prophylactic or placebo? (Johnston), 374
Transcatheter Arterial Chemoembolization
repeat operation for nodular recurrent hepatocellular carcinoma within the cirrhotic liver remnant: a comparison with transcatheter arterial chemoembolization (Jeng et al.), 1188
Transesophageal Endoscopic Ultrasonography
patterns of internal echoes in lymph nodes in the diagnosis of lung cancer metastasis (Lee et al.), 986
Trauma Patients
acute acalculous cholecystitis complicating trauma: a prospective sonographic study (Imhof et al.), 1160
Triage
triage: in austere environments and echeloned medical systems (Llewellyn), 904
Tumor Suppressor Genes
hereditary melanoma and the search for the melanoma gene (Kefford), 246
Tumor Thrombectomy
liver resection for hepatocellular carcinoma (HCC) with direct removal of tumor thrombi in the main portal vein (Yamaola et al.), 1172
Typhoid Fever
to the editor (Misra), 151

U

Upper Gastrointestinal Tract
balloon dilatation for anastomotic stricture after upper gastro-intestinal surgery (Inagake et al.), 541
endoscopic management of nonvariceal gastrointestinal bleeding (Steffes et al.), 1025
bleeding varices of the small bowel as a complication of pancreatitis: case report and review of the literature (Lein et al.), 1147
Urodynamics
urodynamics in patients with pheochromocytoma: a peri-operative study of 10 cases (Carnaille et al.), 676

V

Varicosis
endoscopic subfascial sectioning of incompetent perforating veins in treatment of primary varicosis (Jugenheimer et al.), 971
prostacyclin release from the human saphenous vein in diabetics is lower than in nondiabetics (Brunkwall et al.), 1141
Vascular Injury
advances in treatment of vascular injuries from blunt and penetrating limb trauma (Martin et al.), 930
vascular trauma: a brief military perspective (Rich), 938
Victims
abdominal trauma in war (Rignault), 940
advances in treatment of vascular injuries from blunt and penetrating limb trauma (Martin et al.), 930
blunt and penetrating chest injury (McSwain), 924
crush injury and crush syndrome (Michaelson), 899
irradiated trauma victims: the impact of ionizing radiation on surgical considerations following a nuclear mishap (Hirsch et al.), 918
recent progress in surgery for the victims of disaster, terrorism, and war—introduction (Rignault), 885
the medical effects of conventional weapons (Bellamy), 888
the Red Cross classification of war wounds: the E.X.C.F.V.M. scoring system (Coupland), 910
the relationship of blast loading to death and injury from explosion (Mellor), 893
triage: in austere environments and echeloned medical systems (Llewellyn), 904
vascular trauma: a brief military perspective (Rich), 938
Vipoma
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
Viral Lysates
active immunotherapy with viral lysates of micrometastases following surgical removal of high risk melanoma (Hersey), 251

Vulvar Melanoma
rare variants of malignant melanoma (Milton et al.), 173

W
War Injury
abdominal trauma in war (Rignault), 940
injury to the popliteal vessels: the Lebanese war experience (Sfeir et al.), 1156
recent progress in surgery for the victims of disaster, terrorism, and war—introduction (Rignault), 885
the medical effects of conventional weapons (Bellamy), 888
the Red Cross classification of war wounds: the E.X.C.F.V.M. scoring system (Coupland), 910
the relationship of blast loading to death and injury from explosion (Mellor), 893
vascular trauma: a brief military perspective (Rich), 938
Weapon Injury
the medical effects of conventional weapons (Bellamy), 888
Whipple Resection
completion pancreatectomy following pancreaticoduodenectomy: clinical experience (Smith et al.), 521
Wound Closure
burn wound closure using permanent skin replacement materials (Tompkins et al.), 47
Wound Coverings
biologic wound coverings in burn treatment (Alsbjörn), 43
to the editor (King et al.), 1202
Wound Excision
benefits and limitations of burn wound excision (Monafo et al.), 37
Wound Infection
the changing epidemiology of infection in burn patients (Pruitt et al.), 57

X
Xenografts
biologic wound coverings in burn treatment (Alsbjörn), 43
to the editor (King et al.), 1202

Z
Zollinger-Ellison Syndrome
clinical characteristics, treatment and survival in patients with pancreatic tumors causing hormonal syndromes (Grama et al.), 632
